# Pounding the pavements for poverty

Join in the fun of Manchester's biggest running challenge around the city centre, and support Wood Street Mission as we help local children and families living in poverty.

Whether you choose the 10km or half marathon, this event has a truly electric atmosphere and it's a great opportunity to challenge yourself individually or team up with colleagues, family or friends.

There's also a Junior (2.5km) & Mini (1.5km) Great Manchester Run taking place on Saturday 21st May!

Every participant will receive a running vest or t-shirt to wear proudly on the day, and our fundraising team will be there to cheer you on and make you feel like the superhero you are.
